UNLUCKY is the peacemaker, for he often gets it in the neck.

ILLINOIS has a new primary law, which has already cost \$55,000.

We are all justly proud of Hartford College, and our students.

THE President is now paying the penalty for flirting with the enemy.

THIS is the week the Committee meets to take another look at the Smoot case.

INTEREST is growing in the Hartford Street Fair and home coming celebration.

HARTFORD COLLEGE is showing all of its old time vigor in the Commencement exercises this week.

EVIDENTLY the Standard Oil Company had excellent reasons for not wanting an investigation made.

RUSSIA has forbidden the publication of a history of the Japanese war by Kuropatkin. Russia wants only a chance to forget it.

IF the Democrats will only put a stiff Free-Trade plank in their platform, Republicans need not fear the issue. We will win hands down.

PEOPLE who wonder why the price of glass went up soon after the San Francisco earthquake, would have trouble seeing through anything.

WHAT a calamity it would be, if after the rate bill has been passed and signed, some Senator should think of something he left unsaid.

IN that anti-free pass amendment to the rate bill, each Senator was trying to lift up a corner of the tent, so his friends could get under.

DOUBTLESS there are cases where innocent automobilists are punished along with the guilty, but usually the guilty ones furnish enough guilt for both.

MR. BRYAN does not care to again run for the Presidency. "unless the circumstances seem to demand it." At the proper time he will make a careful inspection of the "circumstances."

HOW GEORGE WASHINGTON would have been grieved, could he have looked ahead and seen how some of his children were to be suspected of telling lies, right under the shadow of his lofty monument.

BY a vote of 71 to 3 the Senate has passed the rate bill. Now let Tillman and Bailey repair to some cool spot and spend the summer. By fall they may realize what fools they have made of themselves.

SO FAR our suggestion of Urey Woodson as the anti-machine candidate for Governor has met with a cold reception. Woodson is doing his part, however. One day this week he made one of his characteristic attacks upon Caleb Powers.

OUR epitome of the new State revenue law, published last week, has been commented upon a great deal, and has brought us a number of questions, which indicate a keen interest and desire upon the part of our people to know just what is about to happen to them.

THE Ohio County Republican Committee has been called to meet June 4, to select a successor to Mr. Barrass, as Chairman. We trust some good strong man may be chosen by the committee who will satisfy all elements of the party, and rule with the same fairness which characterized the administration of Mr. Barrass.

LOUISVILLE is to have the "lid" on, beginning Sunday, by order of Governor Beckham, and Mayor Barth. If it is really intended to close down, the visitors to home coming should be given due notice,

as some of the people who had expected to entertain them in Louisville will doubtless be gone to other and more agreeable climes.

JUDGE W. B. TAYLOR will appoint a committee to go to Frankfort next week, and appear before the State Board of Equalization and show why farm lands in Ohio county should not be raised 20 per cent. upon the present assessed value. It is to be hoped the committee can succeed. If it is allowed to stand, it will furnish an excuse for another raise next year and there will be no end to it.

"IT LOOKS LIKE BRYAN." So say many Democratic leaders and papers who opposed the free silver candidate in 1896 and 1900. Well, suppose the money question is ignored, what better candidate could the Free-Trade Democratic party have? Did not Mr. Bryan help to frame and pass the Wilson law? Can he not be quoted ad infinitum in favor of all kinds of Free-Trade?

By all means nominate Mr. Bryan and give us an open, square Tariff fight. Let it be Wilson-Gormanism against Dingleyism. It would not matter who the Protectionist candidate would be. The personality of both men would be lost in the paramount issue.

Things seem to be shaping themselves that way, and perhaps it is best. Then let Mr. Cummins and Mr. Guild and Mr. Foss go where they belong, to the Free-Trade camp. They must not be allowed to divide and conquer the party to which they formerly belonged. All honest, loyal Protectionists can stand together on the experience and conditions of the past nine years. The arguments have been made up by actualities. The farmer, the manufacturer, the merchant, the laborer, all know without argument which he likes best, Wilson-Gormanism or Dingleyism. It won't require a large campaign fund to run the Republican side of the fight. The Treasury report, the mercantile reports and Uncle Sam's balance sheet will be the most effective campaign literature, and this supplemented with each individual's own balance sheet will tell the whole story. By all means give us Mr. Bryan and a Free-Trade platform.

Can't be Bluffed.

Uncle Sam may be a newcomer in the game of world politics, when it comes to knowing the value of his hand there is little to be taught him while, as for keeping up his nerve and maintaining a straight face, he has never had an equal. He wants no Tariff war with Germany or any other nation—in fact, will go a long way to prevent it; but he is not going to be bluffed out of the game, nor is he going to destroy American industry to keep his neighbor's good will.

FRIGHTFUL RUN-A-WAY

Results in a Broken Arm, Painful Injuries and Demolished Buggy.

While driving to Sunday School at Green River church with his cousin, Miss Eva Forsythe, last Sunday Orvil Wilson's horse became frightened while going down a hill. The bridle bit broke and when near the foot of the hill Orvil told his cousin, who was in the buggy with him, to jump out, which she did, breaking her left arm on striking the ground. The frightened horse kept on running and the young man, seeing no other means of escape, jumped from the buggy, but in doing so his feet became entangled in the lines and he was dragged about 300 yards, when the horse was stopped by Mr. J. J. Stewart, who had to risk his life to save that of young Wilson. Mr. Stewart and wife who happened to be driving along the same road saw the horse and buggy and the boy being dragged and Mr. Stewart drove his horse to the side of the road and left it in charge of his wife and placed himself in the middle of the road and as the horse came surging along he grabbed and fortunately caught the horse with his hands in its nostrils and after considerable effort succeeded in checking the horse and liberating the young man from his perilous condition.

Drs. Willis and Allen, Cromwell, were called and set the fractured arm of the young lady, who had been taken to the residence of Mr. B. F. Fleener. Mr. Wilson sustained some very painful bruises but nothing serious.

Bitten by a Snake.

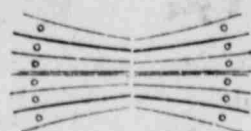

While going home from church at Render Wednesday night, a son of Dick McConnell, was attacked by a snake and bitten twice, once in the heel through the shoe and once just below the knee. He went at once to the house of Asa Wakeland where he procured some carbolic acid and applied to the bites and at last report yesterday no serious results had developed.

For the Children

To succeed these days you must have plenty of grit, courage, strength. How is it with the children? Are they thin, pale, delicate? Do not forget Ayer's Sarsaparilla. You know it makes the blood pure and rich, and builds up the general health in every way.

The children cannot possibly have good health unless the bowels are in proper condition. Correct any constipation by giving small laxative doses of Ayer's Pills. All vegetable, sugar-coated.

Made by J. C. Ayer & Co., Lowell, Mass. Also manufactured of *HAIR VIGOR, AGUE CURE, CHERRY PECTORAL.*
